SCENE 01: Serene Voxel Meadow & Skyward Awe

00:00 - 00:03 (3S)

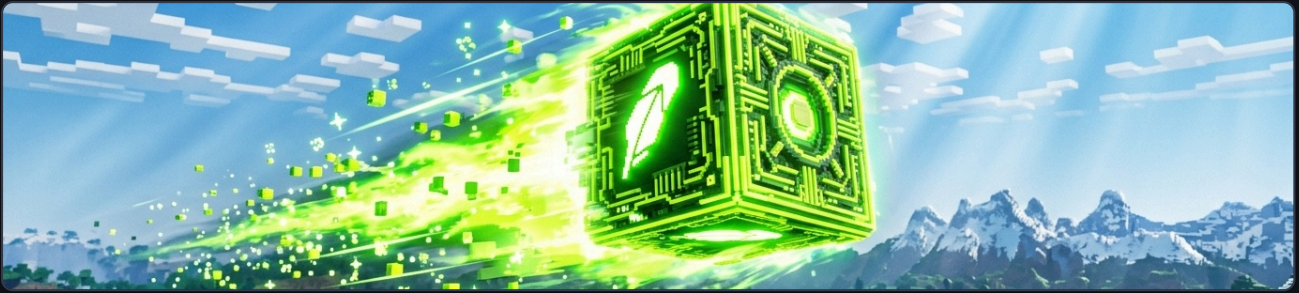

Action: Three iconic no-leg block totem characters (Beanie gap-teeth dude, Top hat red-headband halo dude, and Red beanie suit dude) stand on the stylized stone path. Sunlight brightens with a warm Robinhood lemon-lime glow; they tilt their heads up at the sky in wonder.

Original 3D stylized voxel art wide shot: a serene custom voxel nature meadow with smooth geometric green terraces, clean minimalist cubic oak and pine trees, and a stylized stone pathway under a warm sunlit sky. In the foreground, authentic Dudes Craft NFT characters with solid rectangular column block totem bodies, flat wooden bases at the bottom, absolutely NO LEGS, NO FEET (a dude in orange beanie with gap teeth, a dude in black top hat with red headband and glowing gold halo, and a dude in red beanie and suit) stand upright and gaze up in awe as the sky brightens with Robinhood lemon-lime #C6F221 sunlight. MagicaVoxel diorama style, Octane 3D render, soft ambient occlusion, clean matte textures, NOT Minecraft, 8k.

SCENE 02: The Genesis Box Streaking

00:03 - 00:06 (3S)

Dynamic fast aerial tracking shot: a high-tech glowing 3D voxel cube artifact streaks across the sky above stylized geometric green hills and clean low-poly mountains. The voxel cube glows with intense Robinhood electric lemon-lime #C6F221 neon light and features the glowing Robinhood feather emblem and circuit lines on its sides, leaving a blazing green plasma comet trail and sparkling cubic pixel particles across the sky. Octane render, MagicaVoxel style, 8k resolution, ray-tracing.

SCENE 03: Meadow Crash Landing (BOOM!)

00:06 - 00:09 (3S)

Cinematic ground impact action shot: the glowing Robinhood neon lime voxel cube artifact slams with tremendous force into the stylized geometric green voxel meadow. BOOM! The clean cubic ground fractures into a glowing impact crater with Robinhood electric lemon-lime #C6F221 energy cracks, blasting smooth geometric soil cubes into the air. In the foreground, the EXACT SAME stylized rectangular block totem characters with NO legs (Beanie gap-teeth, Halo dude, Red beanie suit) observe in shock with green rim lighting. Octane 3D render.

SCENE 04: Genesis Core Light Beam Ascent

00:09 - 00:12 (3S)

Cinematic awe wide shot: the glowing voxel cube in the crater center mechanically unfolds its cubic panels, shooting a colossal vertical pillar of blinding white and Robinhood electric lemon-lime #C6F221 laser light straight up into the clouds. The EXACT SAME Dudes Craft column block totem characters with NO legs (Beanie gap-teeth, Halo dude, Red beanie suit, Top hat visor) stand around the crater rim looking up in awe. Octane render 8k.

SCENE 05: Climax Logo Reveal & Launch

00:12 - 00:15 (3S)

Climax title reveal shot: rising from the vertical light pillar into the sunset sky above the stylized voxel world is the 3D voxel DUDES CRAFT emblem featuring the iconic block avatar dude holding the glowing Robinhood feather, surrounded by radiant Robinhood electric lemon lime #C6F221 neon rings and floating magic sparkles. Bold 3D typography reads 'DUDES CRAFT', with glowing subtitles '1,999 GENESIS VOXELS' and 'ROBINHOOD NETWORK • COMING SOON'. Octane 8k.
